Dear Parents / Caregivers,

RE: Access to electronic learning platforms

Hallett Cove School uses a student management system, called Daymap, which provides parents/caregivers with valuable information about their child. It is used for 24/7 access to all of the official school records for a range of purposes, including:

- Student timetables
- Student records, including attendance rates and other details
- School reports
- Assessment tasks, plans or lesson notes (if teachers use this feature – many use Google Classroom / Seesaw as an alternative)
  - Feedback on tasks, as well as individual results for assessment tasks are also available if the teacher uses this option
- School-wide notifications and/or reminders of events

In the current climate of the COVID-19 pandemic, ensuring you have access to Daymap is vital for you to be able to ensure your child is able to continue their learning under any circumstances.

Please go to our school website and then to ‘Log In’ to gain access to your parent portal for Daymap. Instructions on how to access Daymap are available on this page if required.

Additionally, all of our Year R – 6 classes use Seesaw as a means of communication, and classes from Year 5 – 12 use Google Classroom.

It is vitally important you and your child both have access to all of the electronic learning platforms we are currently using as a site here at Hallett Cove School.

Should you have any technical difficulties in relation to accessing Daymap, please email itservices@hcs.sa.edu.au. For any queries regarding access to Seesaw, please see the relevant teacher. To ensure your child has access to Google Classroom, please check with them in the first instance (get them to show you) and otherwise contact the relevant teacher to arrange. Finally, you are also encouraged to ensure all of your contact details with the school are accurate by communicating with the relevant school sectors.

Should you have any other queries, please do not hesitate to contact me at the school on (08) 8392 1020 or alternatively tony.hall@hcs.sa.edu.au.

Yours sincerely,

Tony Hall
Deputy Principal
